Our History

In 1956 Don Abelardo Rodriguez, son of General Abelardo Rodriguez the interim president of Mexico, decided to open one of the most famous hotels in Mexico, (Palmilla Hotel) has been a favorite retreat for personalities like Hemingway and Harlow.

In order to entertain their guests Cristina Bremmer Rodriguez, the niece of Abelardo Rodriguez, opened up Ristorante Da Giorgio near San Jose (which is now completely separate entity from Sunset Monalisa) with her husband, a young Italian from Florence Italy.

Los Cabos has since become world-renowned attracting not only high-end travelers, but also sophisticated clientele. In 1991 Ristorante Da Giorgio was created and quickly reached its splendor. Its unique natural setting made this place one of the Landmarks of Los Cabos. In 2001 Hurricane

Juliette destroyed the huge palapa that covered the entire site and marked the change in administration and future of the restaurant.

In 2004 a group of Italian investors, started the new operation of **Sunset Monalisa** with the best professionals of service and wedding planners in the area, with this they achieved a new and unequalled product. After 14 years of operation, **Sunset Monalisa** has worked with the most qualified architects of Los Cabos, where over the years have achieved important redesigns in the location, as well as investments in human resources; the **Palapa** is in place, our kitchen is expanded, a new **Grand Panorama Terrace, and Cava Di Vini** fully conditioned for casual or private events with a breathtaking views.

The Monalisa Challenge

Every corporate event or incentive needs a certain degree of care which makes it a new challenge for us again and again; because unlike parties where family and friends go unnoticed of what happens, a corporate event shows a whole company and a non-organized event would definitely be a point that no company wants. Somehow, one aspect overlaps the other and if the event is not done correctly, many can deduce that the company could also be disorganized and we are looking for your event to shine equal to or more than the dusk itself.

Whether it's a very elaborate or simple event, our place offers the unparalleled view that decorates the atmosphere almost entirely for any event, the latter placing Sunset Monalisa as a venue with its own class and sophistication. Food and drinks, entertainment and the atmosphere, these three are the basic prerequisites of a good corporate event, with us you do not have to worry, more than enjoying the satisfaction of your participants or guests. Our team of event coordinators with more than 16 years of experience will help you from the beginning to the end, ensuring that everything is executed correctly and your experience with us exceeds your expectations.
